Curriculum Intent

Intent - Religious Education has a significant role for the development of pupils' spiritual, moral, social and cultural development. It promotes respect and open-mindedness towards others with different faiths and beliefs and encourages pupils to develop their sense of identity and belonging through self-awareness and reflection. The principal aim of RE is to engage pupils in an enquiry approach where they can develop an understanding and appreciation for the expression of beliefs, cultural practices and influence of principal religions and worldviews in the local, national and wider global community. Our curriculum promotes discussion and encourages children to ask questions and share their views. Key values of respect and tolerance are taught and additionally, children will apply fairness, trust and acceptance as part of the learning process.

The key aims for religious education are reflected in the two attainment targets.

- Attainment Target 1- Learning about region and belief
- Attainment target 2- Learning from religion and belief

The development of knowledge, skills and understanding focuses on these two key aspects of learning in Religious Education.

Whole School Programme of Study

The DfE's statutory guidance on the curriculum makes it clear that 'All schools are required to teach religious education at all key stages.' The parent/carer of a pupil has the right to request that their child be excused from all or part of the RE provided.

Our Whole School curriculum is based on a 4 year rolling plan, to provide flexibility for our mixed year classes. Our spiral curriculum allows for the development of core learning and understanding, particularly within key stages.

As a Church School we follow the statutory Somerset Agreed Syllabus: Awareness, Mystery and Value (2019), supported by Understanding Christianity resources. At EYFS and Key Stage 1, children are required to learn about Christianity plus one other faith. At Key Stage 2 children are required to learn about Christianity plus three other faiths. RE is taught weekly, for one hour in Key Stage 1 and 1 hour 15 mins in Key Stage 2.

RE teaching is linked to daily collective worship in school through explicit teaching and celebration of our core Christian values. We visit St Bartholomew's Church for key religious celebrations of Harvest, Christmas and Easter and celebrate their significance through deeper learning in RE across the school.

Religious Education in The Early Years Foundation Stage

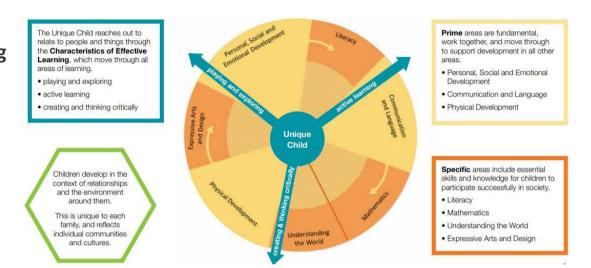

Each area of the EYFS curriculum has an **Early Learning Goal**, which is the standard that a child is expected to achieve by the end of their reception year. The ELG (Early Learning Goals) covers all of the 7 areas of learning as specified in the Early Years Foundation Stage Curriculum.

The following links to the teaching and learning of Religious Education in our EYFS:

ELG: People, Communities and Cultures

Children at the expected level of development will:

 Know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class.

Reasoning Behind our EYFS and KS1 Religious Education Curriculum

STAGE EYFS TOPIC	WE TEACH THIS BECAUSE	LINKS TO ST BARTS SCHOOL LIFE
Unit 1: Special me –	All children are unique and special. We teach this because we are encouraging pupils to reflect on the things	Christian Values:
	that make them who they are - unique, precious and special. We also want our children to think about what is	Hope, Trust,
Who are we?	important to them and the beliefs that shape us as we belong to a diverse community. As a Church of England	Respect,
	school, we also want the pupils to reflect on the people that are special to them and to see why Jesus might be important to Christians.	Compassion
UC Unit 2: Special Times	We teach this because we want our children to understand that all faiths have special times with similar and	Christian Values:

UC F2 Incarnation: Why	We teach this so our youngest children understand Jesus as the Son of God, who came to live with us on Earth.	Christian Values:
do Christians perform	Following on from their thoughts about who is special in their own lives, we teach children that Christians	Love, Respect,

Unit 3: Special Places –	Special places mean different things to different people. May people have had different experiences in the same	Christian Values:

	visits and services. We teach this because we want the children to reflect on the places that are special to them	Church: Visit To
	and to see how religious places might be important to believers.	The Church.
Unit 4: Special Times	We teach this to the children to enable them to understand Jewish Identity and what it means to be a Jew.	Christian Values:
	Being a Church of England school learning about and celebrating Easter is of significant importance. This unit	Respect.
	enables the children to learn about Passover and compare this with Easter.	
UC F3 Salvation: Why do	The Easter Story supports our school core values. We teach children the Christian belief in Jesus' role in showing	Christian Values:
Christians put a cross in	God's love for all. Children will learn about Jesus' last week, which we remember as Easter time and the good	Respect,

Unit 5: Special stories –	We live in a beautiful world that we want the children to learn to care for and protect as they live a fulfilled life.	Christian Values:
God/Creation	We teach this because it is important for the children to consider how the world was created. We also want	Respect
UC F1 God/Creation:	them to reflect upon the Jewish and Christian beliefs that flow from their shared creation story.

Unit 6: Special stories -	We are a Church of England First School and our values are linked to stories from the Bible. We teach this	Christian Values:

STAGE KS1 TOPIC	WE TEACH THIS BECAUSE	LINKS TO ST BARTS SCHOOL LIFE
Unit 2: What do Christians believe about Jesus?	As a church school, we want children to be able to see the timeline of Jesus' life on earth. They will identify these stories from the Bible and will link them with the religion of Christianity. They will understand the significance of the birth of Jesus, as the Son of God. Children explore how Christians find out about what Jesus is	Christian Values:
Link to Incarnation UC 1.3 Incarnation: Why does Christmas matter to Christians?	like and how he wants them to live from the teachings of the Bible. We want them to understand the meaning of the Christian festival of Christmas. That different Gospels from the Bible tell of the birth of Jesus, Son of God, who was worshipped as a King. The story of 'good news' was given to very poor people and helps children understand love, gratitude and thankfulness.	Hope, Trust, Respect, Compassion
Unit 1: What do Christians believe about God? UC 1.1 God: What do Christians believe God is like?	Children are able to learn more about God, and how Christians believe God would like us to live our own lives. They will know that the Christian Holy Book is called the Bible, and that it is divided into two parts – Old Testament– Jesus was a Jew) and New Testament. Children will focus on the story of Creation from the Old Testament in the Bible which Christians believe expresses their key beliefs about creation. By looking at Bible stories from the Old Testament, which Christians share with Judaism, as well as the ways Christians might praise, worship and pray to God, children can develop their thinking of God.	Trust, Respect
Unit 4: What do Christians believe about forgiveness? Link with Easter	We want children to recall that the Christian Holy book is called the Bible, containing the Old and New Testaments. They need to remember Bible stories associated with the events of Holy Week and to know the order of the key events. These events provide a closing point on the timeline of Jesus' life. Children will identify these stories with the religion of Christianity. Children think about the link between God and people, that Jesus	Respect Compassion Forgiveness

UC 1.5	gave his life and forgave all, that God forgives Christians also. It provides a strong message of faith, compassion	Hope, Forgiveness,

UC 1.5 Salvation	We teach this so that children can think more about Jesus providing Salvation by saving people, giving us a way	
(digging deeper)	back to God. Children can relate God's forgiveness to us when we do wrong. Exploring forgiveness in our own	
	lives and how this makes us feel. Children can link this to personal choices, and to our PSHE learning.	
Unit 3: What do	We want children to know that the Bible contains Gospels, or 'good news'. They will understand that for

Unit 5: What do Jewish	We want children to be able to develop respect for key faiths and to do so by learning about what they mean to	
people believe about	others, and how followers live their lives. Children will learn about the Jewish Creation story and will find	Docnast Trust

	the meaning of the symbol of the Star of David. They will understand that Jews live all over the world, but Israel	Courage
	is considered very special as it was promised to Abraham and his descendants by God.	
Unit 6: What do Jewish	We want children to learn that about the most important sacred Jewish text, the Torah. Having reflected on	
people believe about	what God means to Christians, children will now consider the same question for followers of Judaism, with	Respect, Trust,
Torah?	reference to the teachings of the Torah, worship in both the synagogue and also in Jewish people's home lives,	Courage

Reasoning Behind our KS2 Religious Education Curriculum

STAGE LKS2 TOPIC	WE TEACH THIS BECAUSE	LINKS TO ST BARTS SCHOOL LIFE
Unit 5: What do Christians believe about God and incarnation?	We want children to build on existing knowledge from Bible stories about what God is like and his relationship with his followers. This open-ended enquiry poses many questions for children to discuss. In our daily Collective Worship, we name the Trinity. We will look at examples of everyday Christian life – eg Infant Baptism and Believers' Baptism when the Trinity is named in the welcoming into the Christian Church.	Christian Values: Hope, Trust, Compassion
UC 2a.2 God/Incarnation: What is it like to follow God?	Children will refer to Old Testament stories of people of Israel known as the People of God – and their relationship with God, who tried to live the way he wants and to follow him. That God promises to stay with them and their belief that God keeps his promises. They will make links between: Noah, the covenant and our lives today.	Hope, Trust, Compassion
UC 2a.3 What is the Trinity?	We wish children to reflect on the Christian belief that God is Trinity: God the Father who creates, he sends his Son who saves his people, the Son sends the Holy Spirit to his followers. Christians believe the Holy Spirit is at work in the world today. In their worship and search to understand God, many Christians have shown their ideas in different forms of art. This provides opportunities for our children's enquiry, reflection and expression.	Trust, respect
UC 2a.1 Creation: What do Christians learn from the creation story?	We want children to deepen their understanding of the Bible's Big Story and to place God and Creation on this timeline. Recalling the story of Creation and reflecting on what Christians believe God cares for. How does he help people live their lives? Children will consider how Christians and others take care of our world today.	Respect, Trust
Unit 1: What do Jewish people believe about Gd and the Covenant and Torah? (Passover) Unit 2: What do Muslim people believe about Islam and Iman? Unit 3: What do Hindu	Developing knowledge of Judaism from KS1 helps our learners to respect that others' religious beliefs are deeply felt. Learning about Jewish worship at the synagogue and the importance of the Torah scrolls helps children to find out how Jewish faith meets everyday lives. Children learn the story of The crossing of the Red Sea, and the Passover festival. The Giving of the 10 Commandments to Moses the Jewish people's relationship with God. Learning about a further key faith helps our learners to respect that others' religious beliefs are deeply felt. We want children to learn about the Islamic faith: belief in only one God, that Muhammad is the Messenger of God, also worship, prayer, the sacred text of the Qur'an, and the importance of the will of Allah in Muslim believers' everyday lives. God's message is known as the 'Straight Path' or the Shariah. Learning another key faith helps us respect that others' religious beliefs are deeply felt. Core belief – Dharma	Respect, compassion
people believe about	means 'right-living'. Hindu holy books describe deities Rama and Krishna as Avatars, Gods in human form. Key stories of Rama are from the Ramayana. Its principles: respect for parents, keeping promises, doing the right thing	

Pharma, Deity and Atman? even when it's hard, and using power with care and responsibility towards those with less power. That God guides us to help us see our way. Children will find out about Hindu worship in a Mandir or daily puja at home. In learning more details of the Easter story, children learn Christian belief that Jesus' death leads to God's forgiveness. Discuss the claims: God's perfect world; humanity went wrong; God had a salvation plan; and God enters the world as Jesus to save humanity. Revisiting Christian belief in the Bible stating what God is like and his relationship with his followers. The story of Zacchaeus shows that Christian belief in Jesus' forgiveness. Continue ordering events on the Big Story timeline: Creation/Fall, Incarnation, Gospel, Salvation. Christians express ideas about the joy, sadness despair and hope of this story. They can explore Christian ideas through reflection, empathy and imagination. Unit 6: What do Christians believe about Agape? UC 2a.4 Gospel: What kind of world did Jesus want? We want children to understand Gospel as a Christian record of the life and teachings of Jesus. There are lots of messages and parables, many show Jesus befriending or assisting unlikely people, and showing how to help your neighbour. These offer many ways for our children to reflect on how we live our lives. Children will make clear links between the Day of Pentecost and Christian belief about the Kingdom of God on earth. This offers discussion about how Christians believe they may follow God in the world today through the Holy Spirit, as well as the ways described in the Bible.			
Unit 4: What do Christians believe about Salvation? (link with Easter) UC 2a.5 Salvation: Why do Christians call the day Jesus died Good Friday? Unit 6: What do Christians believe about Agape? Revisiting Christian belief in the Bible stating what God is like and his relationship with his followers. The story of Zacchaeus shows that Christian belief in Jesus' forgiveness. Continue ordering events on the Big Story timeline: Creation/Fall, Incarnation, Gospel, Salvation. Christians recognise Easter as the close of Jesus' life on earth, that he rose from the dead and is alive today. Children can sepress ideas about the joy, sadness despair and hope of this story. In the parable of the Good Samaritan, Jesus says we should love everyone including enemies. Thus expressing disinterested love (agape) as in the example of the Samaritans and Jews. Assessment

- RE skills and learning can be enhanced through effective verbal and written questions.
- Pupils are formatively assessed through observation during lessons and when teachers mark their work.
- Staff will use end of unit assessment formats to encompass both AMV and Understanding Christianity materials.

SEN

- It is important for teachers to plan RE work which facilitates high expectations, matches children's needs and helps them to make progress.
- Teachers implement and develop strategies to support SEN pupils whilst supporting inclusion in RE. Teachers plan for appropriate pace and use a range of kinaesthetic /multi-sensory tools to promote enjoyment and progress.
- Knowledge and skills can be developed in small steps through analogies, drama and practical activities. Paired and group work is
 widely used and can foster interpersonal and communication skills. Carefully matched work suited to the child's own needs and
 range of learning can promote confidence and stimulate an interest in future learning, leading to a better understanding of the
 world around them.
- The RE subject leader monitors samples of children's work across the school and conducts regular work scrutiny (book looks). Furthermore, in KS2 their pupil voice is taken into consideration to help teachers to plan an effective and inspiring curriculum.

Monitoring and review

- Monitoring of the standards of work and the quality of teaching in RE is the responsibility of the subject leader.
- The work of the subject leader also includes supporting colleagues in the teaching of RE, updating staff on current developments in the subject and providing lead and direction for the subject in the school.
- Observations of teaching, planning and work scrutiny take place over the course of the year in order to maintain and continue to raise standards.
